PROFILE

Motivated Full-Stack Developer and 4th-year IT student at the National University of Management. Experienced in building responsive applications with Vue.js and React.js, and currently expanding backend expertise in Node.js and Express.js. Passionate about computer vision, clean code architecture, and building scalable end-to-end web solutions.

WORK EXPERIENCE

Technical Support & Sales Specialist Pov Thyda Phone Shop | Phnom Penh
Feb 2024 – Present.

- Manage device diagnostics, cross-platform data migration, and mobile operating system troubleshooting for diverse client devices.
- Provide direct technical support to users, resolving application configuration, network connectivity, and hardware issues.

TECHNICAL SKILLS

- Frontend: Vue.js, React.js, JavaScript, HTML, CSS, Tailwind CSS, Bootstrap.
- Backend & APIs: Node.js (In Progress), Express.js (In Progress), PHP, RESTful APIs
- Databases: MySQL, PostgreSQL.
- Tools & Technologies: Git, GitHub, Vercel, C / C++ / OOP.

Technical Proficiency

- Clean & Beautiful User Interfaces: Passionate about crafting visually appealing, modern, and intuitive user interfaces that deliver exceptional user experiences across all digital touchpoints.
- Fully Responsive Web Development: Expert in designing and building fully responsive websites that adapt seamlessly to any screen size—from mobile phones and tablets to desktop monitors—ensuring optimal layout consistency and accessibility.
- Modern Styling Frameworks: Proficient in leveraging Tailwind CSS and Bootstrap to create fast-loading, clean, and pixel-perfect layouts with custom styling and animations.
- Framework Mastery: Strong hands-on experience building dynamic, component-driven single-page applications (SPAs) using Vue.js and React.js.
- Server-Side Development: Actively expanding backend engineering expertise in building scalable server-side applications using Node.js PHP and Express.js (In Progress).

EDUCATION

National University of Management (NUM) | Phnom Penh,
Cambodia Bachelor's Degree in Information Technology | Current
(4th-Year Student).
